

(b) *Return of notes after collection.* When a note (or loan-type account) evidencing an OL, EM, EE, EO, special livestock (SL), SW loan coded “24”, or other production-type loan has been satisfied by payment in full, the County Supervisor will examine the borrower’s records in the County Office and determine that the account has been satisfied before delivering the note to the borrower (See §1962.27 of subpart A of part 1962 on the satisfaction of chattel security instruments). The note(s) will be returned to the borrower immediately except that:

(1) When the final payment is made in a form other than currency and coin, Treasury check, cashier’s check, certified check, Postal or bank money order, bank draft, or a check issued by a responsible lending institution or a responsible title insurance or title and trust company, the note or notes will not be surrendered until 30 days after the date of final payment, and

(2) When notes are needed in making marginal releases or satisfactions or security instruments, the notes will be held until the instruments are satisfied.

(c) *Surrender of notes to effect collection.* (1) County Supervisors are authorized to surrender notes to borrowers when final payment of the amount due is made in the form of currency and coin, Treasury check, cashier’s check, certified check, Postal or bank money order, bank draft, or a check issued by a responsible lending institution or a responsible title insurance or title trust company.

(2) The amount due on the note(s) to be surrendered will be confirmed with the Finance Office. County Supervisors will request the original note(s) from the Finance Office if it is not in the County Office.

(d) *Return of notes reduced to judgment.* Notes which have been reduced to judgment are a part of the court records and ordinarily cannot be withdrawn and returned to the borrower even after satisfaction of the judgment. Therefore, no effort will be made to obtain and return such notes except on the written request of the judgment debtor or debtor’s attorney. Such requests will be referred to the Office of the General Counsel (OGC).

(e) *Debt settlement case.* See subparts B or C of part 1956 of this chapter for the handling of notes in debt settlement cases.

(f) *Lost notes.* (1) All promissory notes dated on or after 11-1-73 are held in the County Office. A few notes (with the exception of OL notes) are still held by investors. If a note dated prior to 11-1-73 cannot be located in the County Office and it is needed for servicing the case, the County Supervisor will write a memorandum to the Finance Office explaining why the note is needed. The request should give the name and case number of the borrower, date and original amount of the loan, type of loan and loan code.

(2) If a promissory note is lost in the County Office and it is needed for servicing a case, the State Director may authorize the County Supervisor to execute an appropriate affidavit regarding the lost note. The form of such an affidavit will be provided by OGC.

#### § 1951.16 Other servicing actions on real estate type loan accounts.

(a) *Installment on note and other charges—(1) Direct loan accounts.* For a borrower with a direct loan, the term “installation on note and other charges,” as used in this Subpart, will be the sum of the following:

(i) Annual installment for the year as provided in the promissory note(s).

(ii) Any recoverable cost charges paid for the borrower during the year. (“Recoverable costs” is defined in §1951.10(a) of this Subpart.)

(2) *Insured loan accounts.* “Loan insurance charge” means a separate insurance charge applying to FO and SW insured loans evidenced by promissory note forms bearing a form date before January 8, 1959. For all insured loans evidenced by note forms bearing a form date of January 8, 1959, or later, the insurance charge is called “annual charge” and is included in the interest position of the annual installment in the note. For a borrower with an insured loan, the term “Installment on note and other charge” means the sum of the following:

## §§ 1951.17–1951.24

## 7 CFR Ch. XVIII (1–1–07 Edition)

(i) Annual installment for the year as provided in the promissory note.

(ii) Amounts owed the Agricultural Credit Insurance Fund. These amounts are covered by the general term “Insurance Account” and consist of the following:

(A) Unpaid loan insurance charges from prior years.

(B) Loan insurance charge for the current year. The loan insurance charge is computed on the basis of the amount of the unpaid principal obligation as of the installment due date and is due and payable on or before the next installment due date.

(C) Any unpaid balance on advances from the insurance fund, including any recoverable cost charges paid for the borrower during the year.

(D) Any accrued interest on advances from the insurance fund.

(iii) The amounts owed on the insurance account must be paid by regular payments each year whether or not the note account is ahead of schedule.

(b) *Schedule status.* For direct and insured loans, a borrower will be on schedule when the sum of regular payments through the last preceding due date of the note equals the sum of installments on the note and other charges due through the same date. Such a borrower will be ahead of schedule or behind schedule when the sum of such regular payments is larger or smaller, respectively, than the sum of such installments on the note and other charges.

(c) *Real estate payments.* A borrower may make regular payments ahead of schedule at any time and use them later to forego payments or to supplement the amount available during any year for payment on the annual installment on the note and other charges. Refunds and extra payments will not be used in this way.

### §§ 1951.17–1951.24 [Reserved]

### § 1951.25 Review of limited resource FO, OL, and SW loans.

(a) *Frequency of reviews.* OL, FO, and SW loans will be reviewed each year at the time the analysis is conducted in accordance with subpart B of part 1924 of this chapter and any time a servicing action such as consolidation, re-

scheduling, reamortization or deferral is taken. The interest rate may not be changed more often than quarterly.

(b) *Method of review.* (1) Each loan will be considered on its own merit.

(2) The County Supervisor should consider:

(i) The borrower’s income and repayment record during the preceding years;

(ii) The projections shown on the most recent Farm and Home Plan or other similar plan or operation acceptable to FmHA or its successor agency under Public Law 103–354, in light of the previous year’s projected figures and actual figures; (See subpart B of part 1924 of this chapter)

(iii) Whether improved production practices have been or need to be implemented;

(iv) The borrower’s progress as a farmer; and

(v) All other factors which the County Supervisor believes should be considered.

(3) The Farm and Home Plan projections for the coming year must show that the “balance available to pay debts” exceeds the amount needed to pay debts by at least 10 percent before an increase in interest rate is put into effect. Borrowers that continually purchase unplanned items without the County Supervisor’s approval will have the interest rate on their loans increased to the current rate for that loan type. Borrowers that fail to provide the County Supervisor with the information needed to conduct the analysis required in subpart B of part 1924 of this chapter will have their interest rate on their loan increased to the current rate for the OL, FO, or SW loan as applicable. The rate may increase in increments of whole numbers to the current regular interest rate for borrowers. In the borrower’s case file, the County Supervisor must document the unplanned purchases and the failure to provide information in a timely manner. The County Supervisor must write the borrower a letter which sets out the facts documented in the case file and advises the borrower that the interest rate will be increased unless the unplanned purchases cease or unless the borrower provides information
